BASE MAP

OUR BASE SITE IS UNLICENCED BUT ALL HELICOPTERS ARE WELCOME WITH PRIOR NOTICE AT PILOTS OWN RISK.

PILOTS ARE REQUESTED TO MAKE A BLIND RADIO CALL

131.960 MHz

CALLSIGN: CASTLE OPS

O.S.SHEET : 201
GRID REF : SX 300 600
CO-ORDS : N 50° 24.85'
W 004° 23.60'

3NM S.E. OF LISKEARD ON SOUTH SIDE OF A38 DUAL CARRIAGEWAY.

350' X 150' OF TARMAC + CONCRETE

FUEL: JET A1
ENGINEERING: Available on request
HANGARAGE: Available on request
LANDING FEES: No charge if taking fuel

OPENING HOURS: MON - FRI 0830 - 1700

The site lies in a steep sided valley surrounded by trees and should be regarded as a confined area. Approaches should be made North / South. A windsock is situated on the hangar roof but pilots should be warned that the valley produces strange wind - shear effects in strong winds. Landings should be made on tarmac to South of hangar unless directed to concrete handling platform for hangarage or fuel. Foul weather approaches should be made up the valley from Seaton.

DANGER: WIRES SPAN THE VALLEY HALF NM TO NORTH AND TO SOUTH UP TO 200FT A.G.L.
